# **Values Alignment**

The Carpentries Sponsorship Program was developed to generate revenue for The Carpentries core programs, and align sponsors in our work who demonstrate a stronger sense of commitment to our mission. Responses to the questions below will give us a mechanism for evaluating the appropriateness of our sponsors.

Please share your previous engagement with the Carpentries community.

The Carpentries vision is to be *the leading inclusive community teaching data and coding skills*. How does that align with your organisation? This may be with respect to internal operation or your external work.

Please share how inclusivity aligns with your organisation's work.
